

Let's Clean Up

It is fun to play.

Sometimes we get lots of toys out when we play.

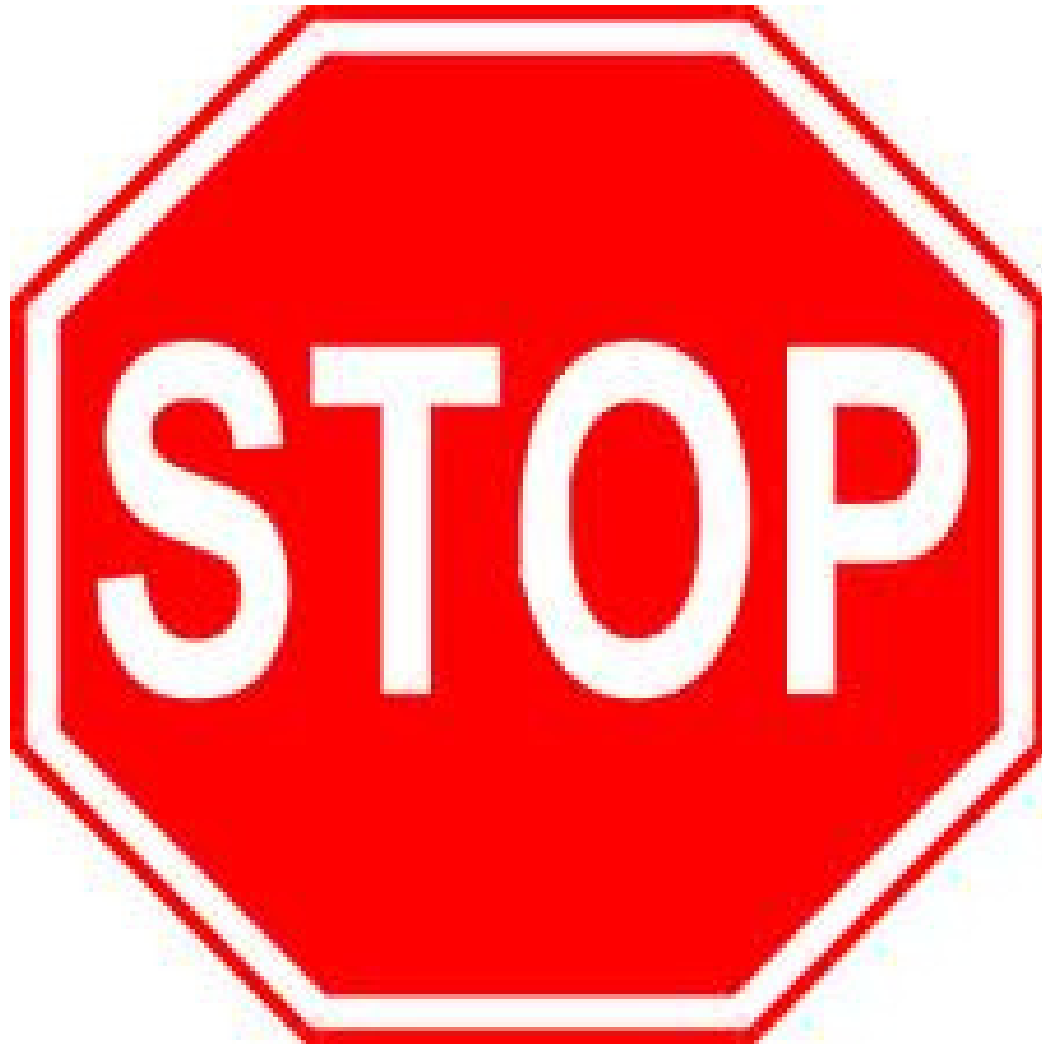

Sometimes we only get one toy out.

When it is time to clean up, I will
hear our clean up song.

Then we need to stop playing,

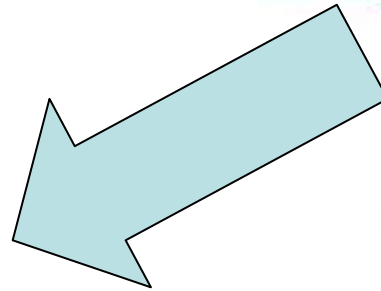

And start to clean up.

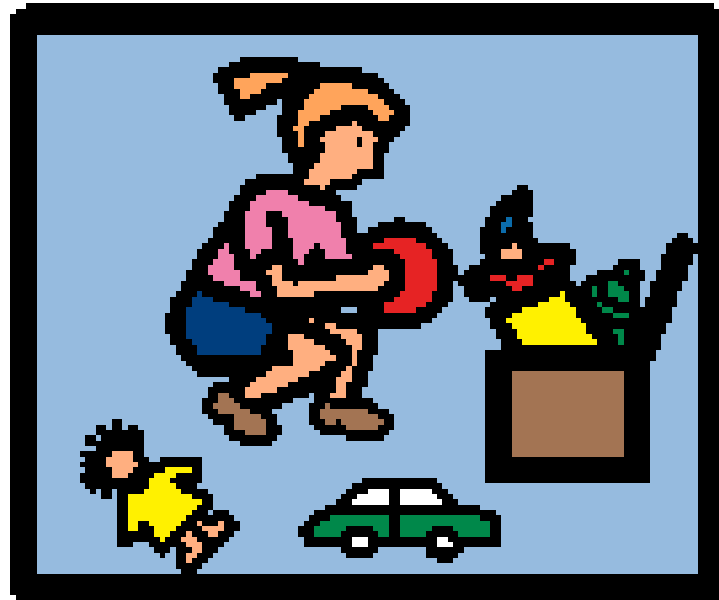

Every toy has it's place.

I look for the picture that matches the toy.

I make sure my whole area is cleaned up before I move on.

I can help my friends clean up their toys and they can help me.

All Clean!
